

SSDP pitches in for Haiti

Following the devastating January earthquake in Haiti, the doctors and staff at South Shore Dermatology Physicians (SSDP) have given a generous donation to the [Clinton-Bush Haiti Fund](#), to provide immediate relief and long-term support to earthquake survivors. SSDP partners Leera M. Briceno, MD; Anu Jayaraman, MD; Jay M. Ritt, MD; and Viraj Shroff-Mehta, MD; made an initial donation to the fund and matched additional contributions made by the SSDP staff.

The Clinton-Bush Haiti Fund was established by former Presidents Bill Clinton and George W. Bush at the request of President Obama. Donations will be used to provide food, water, shelter, and first-aid supplies to the people of Haiti.

SSDP's donation to the Clinton-Bush Haiti Fund reflects practice's ongoing commitment to caring for others in a positive way. In the past, the practice sponsored the [Handi Kids Special Needs Camp](#) in its successful effort to obtain an \$8,000 [American Academy of Dermatology](#) grant to construct a protective Shade Structure on its Bridgewater campus. The group has proudly donated to worthwhile organizations in the community and around the world, including:
